

South Saskatchewan Community Foundation

Building communities for all to prosper together and forever.

South Saskatchewan Community Foundation serves as a bridge between donors and charities in Southern Saskatchewan.

We believe in facilitating Saskatchewan philanthropy, supporting local charities and developing our community so that our home is a more vital, strong, and fair place to live, work and play.

The success of our communities is measured by the results powered by you.

Those who support the South Saskatchewan Community Foundation show us the way. You show us, by your example, that each of us has the power to make a difference, and together, we can address even the greatest challenges.

Years of Service

Together, for over 51 years, SSCF donors have given back more than \$50 million to communities.

That dedication, generosity and a love for the people of this province has had immense impact. From a start with an endowment of around \$60,000 in 1969, countless dedicated SSCF volunteers, staff, and donors have fostered assets of over \$90 million today.

We help donors with their charitable giving and we work with communities to understand their most urgent local needs.

SSCF invests for the long-term with Endowment Funds that focus on impact in our communities. In addition to distributing grants to worthy causes throughout the year, we pool Funds for many visionary donors and organizations – we invest the assets for a higher return. This investment allows donors to make their charitable grants not just once but year after year.

Our work together today can build a more effective gift for tomorrow.
